LEADER LESSON

gardening Safely

September 24, 2024 @ 11am Injury Prevention for the Garden and Beyond Call to register 859-623-4072

Gardening is a great way to be physically active, enjoy the outdoors, and beautify your home or yard. There are added health benefits to growing your own vegetables, fruit, and herbs, as well. As with any activity though, it is important to know how to move prudently, use equipment properly, and interact with nature responsibly. This lesson focuses on the health benefits of gardening, using proper motions for repetitive movement, and appropriate tools for the job at hand. If this lesson does not sound exciting at first, maybe it will grow on you! Lesson is free, and held at the Madison County Extension Office (Room B). **Call 859-623-4072 to register.**
